

- At present Lancashire CC DOES NOT recycle bicycle tyres or tubes. They go in landfill.
- We can help recycle bike tyres & inner tubes
- Working with Velorim, they call & collect the tyres when we have collected enough.
- Inner tubes with sealant in CANNOT be recycled
- Please cut the valve out of inner tubes
- Tyres with sealant washed out CAN be recycled
- If we are out or busy, please leave your tubes/tyres on the RECYCLING TREE next to the bike racks.
- Please feel free to FEEL GOOD about making cycling even more Green.
